## Nicola McFadden

Nikimac Solutions Inc.

Nicola is a Christian, A Single Mother, an Entrepreneur and Woman in Business, she leads by example therefore, she is not afraid to share her own transformational story of how she endured a terrible four-year divorce, and family court battle, which led to her depression. Nicola lost everything: her career, home, finances, families, and friends. DETERMINED TO OVERCOME AND SUCCEED...Nicola fought desperately for her mental wellness and her children. She began posting spiritual, motivational and inspirational posts and quotes via social media for engagement, encouragement, and empowerment through her Facebook Community Nikimac.

***"Out of devastation; Comes excellent innovation!"***  
***Nicola McFadden, Rebound Faith: Chayah***

Today, Nicola courageously shares her experiences with the world to embrace and effect change, while helping others who suffers silently in solitude behind closed doors due to the stigma associated with depression in our culture, the corporate workplace, churches, and the local community to feel loved and appreciated. As she becomes naked, she encourages many others to feel liberated to speak out and share their stories, seek the support required for survival and the strength to overcome. Nicola is determined to be an advocate for mental wellness and a voice for individuals traumatized by the fear, shame, and discrimination of mental illness, which in turn prevents them from seeking support. This stigma has resulted in persons feeling abused, rejected and isolated without any hope for mental care.

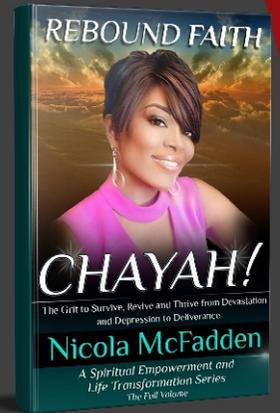

Nicola has two handsome boys, which she describes as her best miracles, Nick and Matt, and an adorable dog named Ace. Some of her hobbies includes but are not limited to writing inspirational blogs, praying and encouraging others during their transformational phase. In September 2018, Nicola released her first book, The Rebound Faith Series-Chayah. This book equips, empowers, energizes, elevates and encourages others that despite the setbacks, they can pioneer to innovative opportunities and achieve prosperity.

"Rebound Faith: CHAYAH is beyond encouraging, inspiring and elevating! It is a unique self-help book with affirmation, prayer, faith, spiritual inspiration, personal transformation, mental and spiritual healing, and so much more."

## Rebound Faith – A Spiritual Empowerment and Life Transformation Book Series

Nicola is a woman who knows pain, but she also seeks the power of God to take devastation and make it into innovation. During the process of change, the pain can be excruciating, but the purpose is excellence. The same place of affliction is the place anointed for your exaltation. It takes an anchor stronger than the pain for you to gain the grit to survive, revive and thrive through defeat and depression to deliverance. Nicola has tested, tried and testified of the practical and applicable Rebound Faith principles, God gave her to Chayah (Hebrew word meaning to live, to revive). She has shared these techniques in the book series, Rebound Faith: **Chayah!**

God wanted me to emerge as a new creation with grace, empathy, compassion and a determination to be a Kingdom Enforcer and a Nation-Changer to set others free; to believe in them even when they are fearful, and no matter where they find themselves on the journey... Having an unshakeable faith and fearlessness in God as The Rock that anchors our hope and trust, that indeed, He, who promised is faithful, and the setback was only a setup for the comeback. In a recent blog post, Nicola said, "Beloved, I wanted a 'microwave' transformation (fast, quick, painless) but what God had in mind for me was a 'marinated' slow-cooker transition (careful, fruitful, faithful, painful and purposeful). Like, seriously God!"

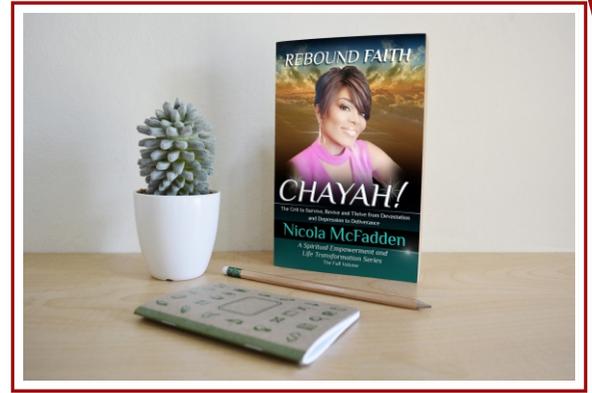

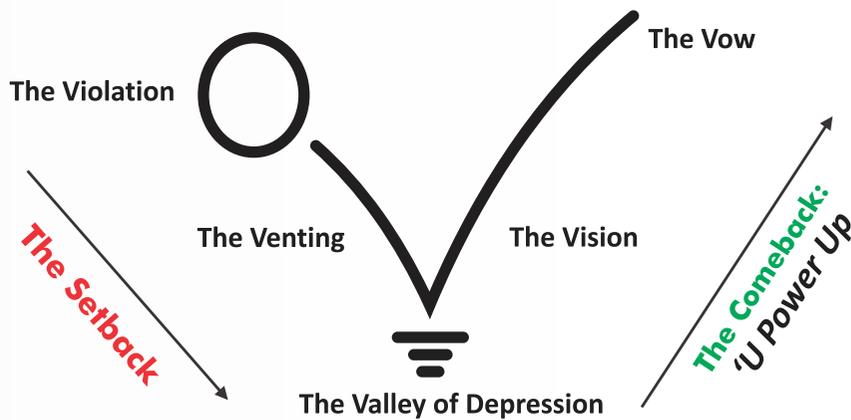

I am confident that your ashes shall turn to beauty. I can assure you that the splendor of His glory, the vision of your mountaintop, the palace, the pleasures, peace, and your purpose shall manifest. I learnt the strategies to fight for your rebound! I know the transformative change process. I discovered the prophetic prayer strategy. I learned that the battle is for the mind.

**Today, my calling is to impart this knowledge and to mentor you so that despite it all, your deliverance, peace, and victory shall come!"**

Today, I believe that you are blessed! I see the light in you, even when, all you can see is darkness... Why? Because I have been there, I am familiar with the dark and the pain of the path, the rejection, the loneliness, the tunnel, the cocoon, the miry pit, the prison, the fiery furnace, the lion's den, the brokenness, the rejection, the shame, and the valley; but I also know that your wings are being prepared and that the pressure is to produce you as a sparkling diamond.

***No pressure... No Diamond!  
No cocoon... No Butterfly!***
